- 
- 1 **QP13 1560 Deserts temperate dawn songbirds diverse spacious.** 07:53  
Desert dawn is gentle with numerous songbirds spread out over a large area. Birds include Gambel's Quail, White-crowned Sparrow, Lesser Goldfinch, Western Meadowlark, Northern Cardinal/Pyrrhuloxia, Cactus Wren, Northern Mockingbird, Mourning Dove, hummingbird wing sounds, Canyon Towhee, Curve-billed Thrasher with Mourning Dove, Phainopepla, Gila Woodpecker, American Kestrel, Ash-throated Flycatcher, House Finch in background. Spacious. Loop.
- 
- 2 **QP13 1561 Deserts temperate dawn birds building.wav** 05:48  
Desert dawn is active with songbirds including Ash-throated Flycatcher, House Finch, hummingbird wing sounds, Northern Mockingbird (especially 4:00 and beyond), Gilded Flicker, Lesser Goldfinch, Verdin, Cactus Wren with Mourning Dove, Gambel's Quail in background. Winged insects softly present. Subtle rumble caused by distant wind, arriving briefly at times. Songbird activity increasing over time, close 5:18. Loop.
- 
- 3 **QP13 1562 Deserts temperate dawn birds winged insects.wav** 06:02  
Desert dawn with birds active and humming of winged insects distinct. Birds include Northern Mockingbird, hummingbird wing sounds, Verdin, Lesser Goldfinch, House Finch, Curve-billed Thrasher. Bird very close at 3:22. Winds build gradually to whisper soft levels. Loop.
- 
- 4 **QP13 1563 Deserts temperate dawn very active songbirds.wav** 04:18  
Dawn on desert is very active with songbirds. Loud Northern Mockingbird with Gambel's Quail, Mourning Dove, Canyon Towhee in background. Subtle wind creates mild roar building at times in background. Loop.

- 
- 5 **QP13 1564 Deserts temperate morning songbird Say's Phoebe.** 02:37  
Desert morning with featured songbird, Say's Phoebe. Also Bewick's Wren and Spotted Towhee in background. Loop.
- 
- 6 **QP13 1565 Deserts temperate morning birds winged insects** 02:01  
Desert morning with songbirds and winged insects. Birds include prominent Bewick's Wren with Spotted Towhee, Lucy's Warbler, House Finch in background. Winged insects sometimes intimate. Close bird wing flutters at 1:31 with close insect. Detailed. Loop.
- 
- 7 **QP13 1566 Deserts temperate morning birds winged insects** 08:12  
Desert morning with songbirds. Birds include prominent Spotted Towhee, woodpecker drum, House Finch, Lucy's Warbler, Blue-gray Gnatcatcher, Mourning Dove, Bewick's Wren, Black-throated Gray Warbler. Winged insects present. Loop.
- 
- 8 **QP13 1567 Deserts temperate morning birds winged insects** 09:27  
Desert morning with songbirds. Birds include prominent Spotted Towhee, House Finch, Bewick's Wren, Black-throated Gray Warbler, Broad-tailed Hummingbird male wing whistle, Plumbeous Vireo also featured, woodpecker drum frequent with distant Mourning Dove. Light wind towards end. Winged insects sparse. Loop.
- 
- 9 **QP13 1568 Deserts temperate morning birds wing flutters.wav** 06:39  
Desert morning with bird song and frequent bird wing flutters. Birds include Spotted Towhee, Black-throated Gray Warbler, Mourning Dove, Ash-throated Flycatcher, Plumbeous Vireo, Steller's Jay, Bewick's Wren, woodpecker drum. Loop.
- 
- 10 **QP13 1569 Deserts temperate morning birds winged insects V1.** 03:26  
Desert morning with consistent hum of insect wings and bird activity including Bewick's Wren, Lesser Goldfinch, House Finch, Costa's Hummingbird song, hummingbird wing sounds. Loop.
- 
- 11 **QP13 1570 Deserts temperate morning birds winged insects V2.** 01:55  
Desert morning with consistent hum of insect wings and bird activity including Verdin, House Finch. Loop.
- 
- 12 **QP13 1571 Deserts temperate morning late Mourning Doves.wav** 02:51  
Desert morning, late, leaf rustle with Mourning Dove, hummingbird wings, humming of insect wings. Loop.

- 
- 13 **QP13 1572 Deserts temperate morning late Mourning Doves** 04:51  
Desert morning, late, leaf rustle with Mourning Doves and consistent hum of insect wings, hummingbird wing sounds, House Finch, Bewick's Wren, Rock Wren. Interesting light wind variability. Loop.
- 
- 14 **QP13 1573 Deserts temperate morning palm springs.wav** 07:21  
Desert morning with rustling palm leaves and birdsong from Bewick's Wren, Verdin, House Finch, Blue-gray Gnatcatcher. Also present are hummingbird wings, close at times, Mourning Dove. Winged insect hum. Loop.
- 
- 15 **QP13 1574 Deserts temperate morning songbirds stream.wav** 02:24  
Desert morning with active songbirds including Ash-throated Flycatcher, Spotted Towhee, House Wren, Black-headed Grosbeak, Northern Flicker, Yellow-breasted Chat. Occasional winged insect flyby. Distant stream and animal movements. Loop.
- 
- 16 **QP13 1575 Deserts temperate morning late songbirds palm V1.** 03:10  
Desert late morning with songbirds including Bewick's Wren, Blue-gray Gnatcatcher, House Finch, wing flutters, Mourning Dove, Costa's Hummingbird song and prominent hummingbird wing sounds. Light palm wind. Loop.
- 
- 17 **QP13 1576 Deserts temperate morning late songbirds palm V2.** 09:36  
Desert late morning with songbirds including Bewick's Wren and Mourning Dove with House Finch, hummingbird wing sounds, Mourning Dove wing whistle in background. Light palm wind rustles dropping debris. Soft animal growl at 3:35. Occasional winged insect flyby. Relaxed and peaceful. Loop.
- 
- 18 **QP13 1577 Deserts temperate morning late songbirds palm V3.** 12:27  
Desert late morning with songbirds including Verdin, Mourning Dove, House Finch, Lesser Goldfinch, Blue-gray Gnatcatcher, Bewick's Wren, hummingbird wing sounds sometimes close, Costa's Hummingbird male song. Light palm wind rustles leaves dropping debris. Winged insects increase over time.
- 
- 19 **QP13 1578 Deserts temperate morning late songbirds palm V4.** 09:10  
Desert late morning with songbirds including Bewick's Wren, House Finch and prominent humming of insect wings, sometimes close. Palm wind raspy.
-

- 
- 20 **QP13 1579 Deserts temperate morning late birds insects palms** 08:53  
Desert late morning at palm springs with birds including European Starling and House Finch. Close dramatic hummingbird flyby at 5:00. Winged insect hum throughout with clacking of palm leaves. Loop.
- 
- 21 **QP13 1580 Deserts temperate morning late birds insects palms** 08:55  
Desert late morning at palm springs with birds active, often harsh sounding with prominent insect hum. Birds include European Starling and House Finch, Mourning Dove, Northern Mockingbird. Palm debris very loud at times (7:03). Loop.
- 
- 22 **QP13 1581 Deserts temperate morning late birds insects palms** 10:42  
Desert late morning at palm springs with birds active, often harsh sounding with prominent insect hum. Birds include European Starling and House Finch, whistling wings of Mourning Doves and periodic drone from distant hummingbird wings. Frequent insect flyby. Feels busy. Loud palm leaf movements at 9:57. Use for late morning daytime at palm spring oasis. Loop.
- 
- 23 **QP13 1582 Deserts temperate morning late birds insect rain** 02:15  
Desert late morning with birds and consistent insect hum among palms during light rain. Birds include Lesser Goldfinch, Verdin, Phainopepla, House Finch, Bewick's Wren, Mourning Dove, Costa's Hummingbird song. Loop.
- 
- 24 **QP13 1583 Deserts temperate morning late birds insects busy.** 04:12  
Desert late morning with birds and busy winged insects among palms during very light rain. Birds include prominent Bewick's Wren with House Finch, Verdin. Winged insects numerous, active and close. Drone of hummingbird wings. Loop.
- 
- 25 **QP13 1584 Deserts temperate morning late birds insects wind.** 04:36  
Desert late morning and day with birds, winged insects, and drone of developing day winds. Birds include Gila Woodpecker, Bunting, Northern Mockingbird, Cactus Wren, Mourning Dove, Northern Cardinal/Pyrrhuloxia, House Finch. Insect hovering sometimes sustained. Loop.
- 
- 26 **QP13 1585 Deserts temperate midday lull V1.wav** 03:00  
Midday lull on desert with soft faint crickets and winged insects. Background birds include Black-chinned Sparrow, Mountain Quail. Quiet munching of rodent. Loop.

- 
- 27 **QP13 1586 Deserts temperate midday lull V2.wav** 00:51  
Midday lull on desert with soft wind wisps and background of crickets and birds. Birds include Mountain Quail, Bewick's Wren, Wrentit. Quiet munching of rodent. Loop.
- 
- 28 **QP13 1587 Deserts temperate midday lull V3.wav** 02:58  
Midday lull on desert with soft wind wisps and background of crickets and birds. Birds include Black-chinned Sparrow, Mountain Quail, Bluebird. Quiet munching of rodent. Winged insects prominent. Loop.
- 
- 29 **QP13 1588 Deserts temperate midday lull V4.wav** 02:56  
Midday lull on desert with soft wind wisps and background of crickets and birds. Birds include Mountain Quail, wind, Spotted Towhee, Black-chinned Sparrow, Lesser Goldfinch. Quiet munching of rodent. Winged insects prominent. Loop.
- 
- 30 **QP13 1589 Deserts temperate midday insects.wav** 01:29  
Midday crickets and winged insects with distant sounds of bird, Mountain Quail, calling in background. Loop.
- 
- 31 **QP13 1590 Deserts temperate midday insects birds V1.wav** 02:28  
Midday crickets clear with winged insects in flight with bird calls and songs. Birds include Spotted Towhee, Black-chinned Sparrow with distant Western Scrub-Jay and Mountain Quail. Loop.
- 
- 32 **QP13 1591 Deserts temperate midday insects birds V2.wav** 01:12  
Midday crickets clear with winged insects in flight with bird calls and songs. Birds include Mountain Quail, Spotted Towhee, Black-chinned Sparrow, Northern Flicker with Northern Scrub-Jay, California Thrasher in distant background. Winged insects sometimes close. Loop.
- 
- 33 **QP13 1592 Deserts temperate midday insects birds V3.wav** 01:15  
Midday crickets clear with winged insects in flight with bird calls and songs. Birds include Common Raven, Mourning Dove with Mountain Quail, Spotted Towhee in background. Loop.

- 
- 34 **QP13 1593 Deserts temperate midday insects birds V4.wav** 02:51  
Midday crickets clear, high frequency insect buzzing, winged insects in flight, frequently close (1:36+). Active birds include Black-chinned Sparrow, Spotted Towhee with Western Scrub-Jay, Mountain Quail in distant background. Loop.
- 
- 35 **QP13 1594 Deserts temperate midday insects birds cougar.wav** 03:42  
Midday crickets intense, birds faint, female cougar screaming in background (0:55, 1:52, 3:35). Winged insect flights are close and detailed. Birds include Spotted Towhee, Wrentit, California Thrasher.
- 
- 36 **QP13 1595 Deserts temperate midday insects birds.wav** 01:19  
Midday crickets intense, birds faint, winged insects close and detailed. Birds include Wrentit with Spotted Towhee, Mountain Quail, Black-chinned Sparrow in background. Loop.
- 
- 37 **QP13 1596 Deserts temperate windy morning birds insects V1.** 03:38  
Windy morning in desert with songbirds and winged insects. Birds include Gambel's Quail, Gila Woodpecker, Northern Mockingbird, White-crowned Sparrow, House Finch, Gilded Flicker with American Kestrel and Mourning Dove in background. Winds variable, preceded by drone caused by distant winds. Loop.
- 
- 38 **QP13 1597 Deserts temperate windy morning birds insects V2.** 10:34  
Windy morning in desert with songbirds and winged insects. Birds include Northern Mockingbird, Gilded Flicker, House Finch, Cactus Wren, Mourning Dove, Canyon Towhee, Gila Woodpecker with White-crowned Sparrow in background. Loop. Bird wing flutter close at 7:05 again at 8:45. Loop
- 
- 39 **QP13 1598 Deserts temperate windy morning birds insects V3.** 15:22  
Windy morning in desert with very active songbirds. Birds include Northern Mockingbird, Gambel's Quail, House Finch, Northern Cardinal/Pyrrhuloxia, Gilded Flicker, Gila Woodpecker, Cactus Wren, Mourning Dove cooing and wing whistle (close flight at 9:38, hummingbird wing sounds, Ash-throated Flycatcher with distant Phainopepla in background. Winged insects subdued. Loop
- 
- 40 **QP13 1599 Deserts temperate windy morning birds insects V4.** 11:48  
Windy morning in desert with very active songbirds and hovering insects. Birds include Northern Mockingbird, Gambel's Quail, Gilded Flicker, Mourning Dove, Bunting, Gila Woodpecker, White-crowned Sparrow, Northern Cardinal/Pyrrhuloxia, Cactus Wren, House Finch. Occasional gusts in addition to strong variable wind. Loop.

- 
- 41 **QP13 1600 Deserts temperate windy morning late birds insects** 03:52  
Windy late morning with very active songbirds and numerous winged insects. Birds include Northern Mockingbird, House Finch with Costa's Hummingbird song, Mourning Dove in background. Numerous hummingbirds produce variable drone in far background. Winged insects sometimes close. Loop.
- 
- 42 **QP13 1601 Deserts temperate windy morning late birds insects** 04:49  
Winds light with songbirds and winged insects. Birds include House Finch, Northern Mockingbird, Curve-billed Thrasher, Gila Woodpecker, White-crowned Sparrow, Bunting, Cactus Wren, Verdin. Loop.
- 
- 43 **QP13 1602 Deserts temperate windy morning late birds insects** 13:19  
Winds variable roar with songbirds and winged insects. Birds include House Finch, Northern Mockingbird, Gilded Flicker, Mourning Dove, Lucy's Warbler, Verdin, Ash-throated Flycatcher, Cactus Wren, Bunting, Scott's Oriole, hummingbird wing sounds.
- 
- 44 **QP13 1603 Deserts temperate day wind leaves.wav** 02:59  
Soft dry desert wind. Loop.
- 
- 45 **QP13 1604 Deserts temperate day wind branches.wav** 02:53  
Dry roaring day wind with branch rattles. Loop.
- 
- 46 **QP13 1605 Deserts temperate day wind whistling.wav** 01:33  
Dry variable winds whistle through desert vegetation. Loop.
- 
- 47 **QP13 1606 Deserts temperate day wind roaring.wav** 01:11  
Dry day wind roars through desert moving debris. Background drone is natural. Loop.
- 
- 48 **QP13 1607 Deserts temperate day wind roaring crickets faint.** 04:35  
Dry roaring desert winds with faint crickets in background. Loop.
- 
- 49 **QP13 1608 Deserts temperate day wind whipping.wav** 02:53  
Dry day wind whipping through branches with detail. Loop.

- 
- 101      **QP13 1660 Deserts tropical morning birds.wav**      01:02  
Morning birds include Ashy Tit and Red-eyed Bulbul. NR applied. Loop.
- 
- 102      **QP13 1661 Deserts tropical morning insects birds V1.wav**      08:01  
Morning on desert with hum of insect wings and birds including prominent Red-eyed Bulbul with Pirit Batis and Cape Turtle Dove in background. Unusual insect starts at 5:26. Loop.
- 
- 103      **QP13 1662 Deserts tropical morning insects birds V2.wav**      09:52  
Morning on desert with hum of insect wings and birds including prominent Red-eyed Bulbul with Cape Turtle Dove and Laughing Dove in background. Loop.
- 
- 104      **QP13 1663 Deserts tropical morning insects birds V3.wav**      03:56  
Morning on desert with bird foreground and shrill insect background. Birds are Red-eyed Bulbul and Crimson-breasted Shrike with Laughing Dove, Three-streaked Tchagra and Marico Sunbird in background. Soft wind builds towards end. Loop.
- 
- 105      **QP13 1664 Deserts tropical morning insects birds V4.wav**      03:20  
Morning on desert with winged insect hum and calls of bird, Red-eyed Bulbul. Loop.
- 
- 106      **QP13 1665 Deserts tropical midday insects birds.wav**      09:01  
Midday bird activity on desert includes Red-eyed Bulbul and Pirit Batis. Winged insects swarming in background. Occasional large animal snorts. Loop.
- 
- 107      **QP13 1666 Deserts tropical midday birds breeze V1.wav**      06:02  
Midday bird activity with soft variable wind in background. Birds include Pirit Batis, Chestnut-vented Titbabbler, Laughing and Cape Turtle Doves, Ashy Tit, Hadedda Ibis, Three-streaked Tchagra. NR applied. Loop.

- 
- 108 **QP13 1667 Deserts tropical midday birds breeze V2.wav** 09:22  
Midday bird activity with soft variable wind in background. Birds include Red-eyed Bulbul, Cape Turtle Dove, Grey-headed Sparrow, Cape Turtle Dove, Laughing Dove, and Acacia Pied Barbet. Loop.
- 
- 109 **QP13 1668 Deserts tropical midday birds breeze V3.wav** 06:37  
Midday bird activity with soft variable wind increasing in background. Birds include Red-eyed Bulbul call and wing flaps. Loop.
- 
- 110 **QP13 1669 Deserts tropical midday birds breeze V4.wav** 13:28  
Midday bird activity with soft variable wind increasing in background plus hum of winged insects clearly evident. Bird activity is primarily Red-eyed Bulbul calls and wing flaps with Cape Turtle Dove, Cape Sparrow and Cape Sparrows in background. Loop.
- 
- 111 **QP13 1670 Deserts tropical midday birds breeze V5.wav** 03:50  
Midday bird activity with soft variable wind increasing in background to strong levels with branch rattles. Winged insects clearly evident. Occasional clicking insect. Bird activity is primarily Red-eyed Bulbul with Grey-headed Sparrow in background. Loop.
- 
- 112 **QP13 1671 Deserts tropical midday wind roar birds V1.wav** 03:52  
Midday wind roars strong with rippling variability while birds chatter and fly around. Birds are primarily Ashy Tit, and Cape Turtle Dove and Grey-headed Sparrow. Birds present in background are Black-breasted Prinia and Grey-headed Sparrow. Use at low volume levels. NR applied. Loop.
- 
- 113 **QP13 1672 Deserts tropical midday wind roar birds V2.wav** 06:19  
Midday wind roars, sometimes gusting with jet-like variability while birds call. Birds are primarily Grey-headed Sparrow and Cape Turtle Dove. Also present in background are Pale Chanting Goshawk and Chestnut-vented Titbabbler. Use at low volume levels. NR applied. Loop.
- 
- 114 **QP13 1673 Deserts tropical midday wind roar birds V3.wav** 12:33  
Midday wind severe with birds calls. Birds are primarily Chestnut-vented Titbabbler and Pale Chanting Goshawk. Also present are Ashy Tit, Grey-headed Sparrow, Black-chested Prinia, Striped Kingfisher and Cape Turtle Dove. Loop.
- 
- 115 **QP13 1674 Deserts tropical midday wind roar birds V4.wav** 05:18  
Windy midday with birds. Wind variable roar. Birds active with prominent Grey-headed Sparrow and Cape Turtle Dove with Chestnut-vented Titbabbler, Pririt Batis and Ashy Tit in background. Occasional insect. Loop.

- 
- 116 **QP13 1675 Deserts tropical midday wind roar birds V5.wav** 08:25  
Windy midday with birds. Wind variable roar. Birds active with prominent Cape Turtle Dove with Grey-headed Sparrow, Chestnut-vented Titbabbler, Black-chested Prinia in background. Close winged insect 7:10. Loop.
- 
- 117 **QP13 1676 Deserts tropical midday wind roar birds V6.wav** 02:54  
Windy midday with birds. Wind variable roar. Birds distant, muffled windblown. Winged insect hum faint. Loop.
- 
- 118 **QP13 1677 Deserts tropical midday wind roar birds V7.wav** 07:56  
Windy midday with birds. Wind variable roar. Birds active with prominent Ashy Tit (esp. 4:20) with Common Scimitarbill, Chestnut-vented Titbabbler, Cape Turtle Dove, Grey-headed Sparrow, Acacia Pied Barbet, Black-chested Prinia in background. Loop.
- 
- 119 **QP13 1678 Deserts tropical midday wind roar birds V8.wav** 04:51  
Windy midday builds to strong levels with birds. Wind highly variable roar. Birds active with prominent Chestnut-vented Titbabbler with Ashy Tit, Grey-headed Sparrow, Cape Turtle Dove, Black-chested Prinia in background. Loop.
- 
- 120 **QP13 1679 Deserts tropical evening wind insects V1.wav** 03:49  
Wind wispy roar through sparse grass during early evening. High pitched insect in background. Loop.
- 
- 121 **QP13 1680 Deserts tropical evening wind insects V2.wav** 02:41  
Wind wispy roar through sparse grass during early evening. High pitched insect in background. Loop.
- 
- 122 **QP13 1681 Deserts tropical evening wind insects V3.wav** 03:47  
Wind strong and gusting through sparse grass during early evening. High pitched insect in background. Loop.
- 
- 123 **QP13 1682 Deserts tropical evening wind lizards birds.wav** 05:18  
Evening wind variable with lizards and faint birds. Lizards are *Barking Geckos*. Bird is Acacia Pied Barbet. Faint winged insect buzzing. Desert wind booming. Loop.
