- 1 **QP15 1815 Riparian temp East forest stream dawn songbirds.** 09:04
Birdsong at dawn with delicate babbling stream. Birds include Eastern Whippoorwill, Song Sparrow, Northern Cardinal (esp. 8:28) with Gray Catbird and American Robin in background. Loop.
-
- 2 **QP15 1816 Riparian temp East forest trickle morning songbirds** 09:49
Morning birdsong with limpid brook. Charming. Birds include prominent Song Sparrow and Red-winged Blackbird with Mourning Dove, Yellow-bellied Sapsucker drumming, Common Yellowthroat, American Goldfinch, Yellow Warbler, Blue Jay, Rose-breasted Grosbeak, Northern Cardinal. White-breasted Nuthatch in background. Loop.
-
- 3 **QP15 1817 Riparian temp East forest trickle morning songbirds** 09:03
Morning birdsong with limpid brook. Charming. Birds include Blue Jay, Common Yellowthroat, Song Sparrow, American Goldfinch, Wood Thrush, Red-bellied Woodpecker, White-breasted Nuthatch with Northern Cardinal and Mourning Dove in background. Loop.
-
- 4 **QP15 1818 Riparian temp East forest trickle morning songbirds** 04:06
Morning birdsong with limpid brook. Charming. Birds include Red-winged Blackbird, Song Sparrow, Rose-breasted Grosbeak, Blue Jay, Common Yellowthroat, Mourning Dove, American Crow with American Goldfinch, Gray Catbird, Yellow-bellied Sapsucker drumming in background. Loop.
-
- 5 **QP15 1819 Riparian temp East forest trickle morning songbirds** 03:10
Morning birdsong with limpid brook. Charming. Birds include Yellow Warbler, Song Sparrow, Northern Cardinal, Common Yellowthroat, Eastern Phoebe with Blue Jay, Yellow-bellied Sapsucker drumming and White-breasted Nuthatch in background. Stream more obvious than preceding versions. Loop.

-
- 6 **QP15 1820 Riparian temp East forest trickle morning songbirds** 03:51
Morning birdsong with limpid brook. Charming. Birds include Red-winged Blackbird, Common Yellowthroat, Song Sparrow, Yellow Warbler, American Goldfinch, Blue Jay, Brown-headed Cowbird with Red-bellied Woodpecker, Rose-breasted Grosbeak, White-breasted Nuthatch in background. Loop.
-
- 7 **QP15 1821 Riparian temp East wetland trickle morning** 07:19
Morning birds are relatively sparse with featured water trickle in foreground. Birds include White-throated Sparrow, Chipping Sparrow, American Bittern, Swamp Sparrow, Yellow-bellied Sapsucker drumming, American Robin with Nashville Warbler in background. Spring peepers far background. Winged insect at 4:00 fast flyby at 4:48.
-
- 8 **QP15 1822 Riparian temp East wetland trickle morning** 09:57
Morning birds are relatively sparse with featured water trickle in foreground. Birds include White-throated Sparrow, Chipping Sparrow, American Bittern, Swamp Sparrow, Yellow-bellied Sapsucker drumming, American Robin with Nashville Warbler in background. Spring peepers far background. Drips more distinct than previous version. Hummingbird wings produce various drones. Winged insects begin 1:50 thereafter intermittent, sometimes close. Loop.
-
- 9 **QP15 1823 Riparian temp East forest stream morning birds.wav** 11:02
Sapsucker drumming and morning songbirds with prominent stream. Birds include Swamp Sparrow, Red-breasted Nuthatch, White-throated Sparrow, Yellow-bellied Sapsucker drumming, American Robin, Nashville Warbler, Black-and-white Warbler, Red-winged Blackbird, Chipping Sparrow, Woodpecker drumming, Song Sparrow, Winter Wren, Common Raven, Pileated Woodpecker, Clay-colored Sparrow. Birds becoming more active at 7:26. Spring Peepers also active towards end. Loop.
-
- 10 **QP15 1824 Riparian temp East forest stream sparkling.wav** 06:00
Sparkling stream with muffled birds including Wilson's Snipe flight sounds, Mourning Dove, faint ducks quacking from wetlands area. Loop.
-
- 11 **QP15 1825 Riparian temp East forest river day birds extended.** 15:39
River flows and surges moderately while birds sing. Birds include American Robin with White-throated Sparrow, Song Sparrow and Swamp Sparrow in background. Extended length. Loop.

-
- 12 **QP15 1826 Riparian temp East forest stream morning birds** 05:29
Bubbly stream with active birds and toad trills. Prominent Northern Cardinal and Carolina Wren, with Eastern Meadowlark, Mourning Dove, Blue Jay, woodpecker drumming, Yellow-breasted Chat. Distant Red-headed Woodpecker. Loop.
-
- 13 **QP15 1827 Riparian temp East forest stream gurgling birds.wav** 03:57
Gurgling stream enclosed by tree roots loud with birds prominent in background. Birds include Northern Cardinal, Carolina Wren and Ovenbird. Loop.
-
- 14 **QP15 1828 Riparian temp East forest stream rippling.wav** 03:14
Streams braid together. Loop.
-
- 15 **QP15 1829 Riparian temp East forest stream splashy bird Wood** 02:46
Stream braided with Wood Thrush singing prominently in foreground. Loop.
-
- 16 **QP15 1830 Riparian temp East forest river rolling birds.wav** 04:26
Rolling stream with birds in background, including Eastern Meadowlark, Mourning Dove, Red-headed Woodpecker, House Wren and Field Sparrow. Loop.
-
- 17 **QP15 1831 Riparian temp East forest river bubbling birds.wav** 09:15
Gentle stream with songbirds including Song Sparrow, White-throated Sparrow, American Robin, Swamp Sparrow, Eastern Phoebe, Mallard. Soothing. Loop.
-
- 18 **QP15 1832 Riparian temp East forest river surging birds.wav** 02:31
Small river rolls along with simple forest birdsong of Red-eyed Vireo, Blue-gray Gnatcatcher and woodpecker drumming. Forest insects trill faintly in background. Loop.
-
- 19 **QP15 1833 Riparian temp East forest evening insects birds.wav** 10:17
Forest crickets trill while winged insects hum. Background has faint birds, gentle river gurgle. Birds include Northern Cardinal, Barred Owl with Tufted Titmouse in far background. Enchanting. Insects and birds increase over time. Equalized.
-
- 20 **QP15 1834 Riparian temp East forest evening insects birds wind.** 02:18
Birds clear with hum of insect wings, distant river, and passing breeze. Bird is Northern Cardinal with faint Barred Owls also present. Loop.

-
- 21 **QP15 1835 Riparian temp East forest birds active toads breeze.** 03:00
Rich evening chorus of songbirds including Yellow Warbler, Northern Cardinal, Canada Goose, Baltimore Oriole, Brown-headed Cowbird, House Wren, Yellow-throated Vireo, Common Yellowthroat, Ring-necked Pheasant, Canada Goose and Red-bellied Woodpecker. Trills of toads come and go in background with passing breeze. River very faint. Lush. Loop.
-
- 22 **QP15 1836 Riparian temp East wetland evening insects birds V1.** 07:07
Gentle flowing water with evening insects building with mosquitos sometimes close then birds. Birds include Common Gallinule and Green Heron. Fish splashes. Expansive.
-
- 23 **QP15 1837 Riparian temp East wetland evening insects birds V2.** 06:12
Gentle flowing water with evening insects and birds sometimes loud. Birds include Common Gallinule with Gray Catbird and White-eyed Vireo in background. Mosquitos sometimes close. Fish splashes. Equalization and NR applied. Detailed.
-
- 24 **QP15 1838 Riparian temp East wetland evening insects birds V3.** 00:00
Gentle flowing water with evening insects and birds sometimes loud. Birds include loud Common Gallinule and distant American Crow with White-eyed Vireo and Gray Catbird further in background. Mosquitoes obvious, sometimes close. Loop.
-
- 25 **QP15 1839 Riparian temp East stream evening owls.wav** 01:21
Babbling stream with barred owls and isolated cricket. Loop.
-
- 26 **QP15 1840 Riparian temp East stream echoes evening frogs** 02:25
Reverberating stream with frogs and songbirds. Birds include Indigo Bunting with Mourning Dove and Yellow-breasted Chat in background. Loop.
-
- 27 **QP15 1841 Riparian temp East stream echoes night frogs.wav** 04:38
Reverberating stream with frogs. Loop.
-
- 28 **QP15 1842 Riparian temp East day forest rain birds.wav** 02:09
Light rain drops and drips in forest with birdsong and distant river. Birds are Swainson's Warbler and Pine Warbler, Tufted Titmouse in background. Loop.

-
- 29 **QP15 1843 Riparian temp East river thunderstorm distant birds.** 06:13
Thunderstorm with gentle river and songbirds. Featured Eastern Meadowlark with Black-capped Chickadee in background. Light trill of toads. Rain variable. Magic. Loop.
-
- 30 **QP15 1844 Riparian temp East river thunderstorm distant.wav** 14:38
Riverside Thunderstorm with faint birds including Black-capped Chickadee. Thunder rolling. Rain increases at 10:44 briefly then subsides. Loop.
-
- 31 **QP15 1845 Riparian temp West wetland river dawn beaver frogs** 07:54
River currents with cricket, beaver tail slaps and snorting with frogs and birds in wetland area. Tail splashes close and detailed. Birds include faint Horned Lark, Sora, Northern Flicker, Green-winged Teal, Pied-billed Grebe, Yellow Warbler, Yellow-breasted Chat, Mourning Dove and Baltimore Oriole. Loop.
-
- 32 **QP15 1846 Riparian temp West wetland river dawn beaver frogs** 02:37
Strong river currents and beaver tail slaps with cricket frogs and birds in background. Birds include Common Nighthawk, Sora, American Bittern, Yellow-breasted Chat and ducks. Loop.
-
- 33 **QP15 1847 Riparian temp West wetland stream day birds.wav** 02:59
Gurgling stream in marsh area with active birds including Red-winged Blackbird, Marsh Wren, Mallard, Canada Goose and background with Great Blue Heron, Pied-billed Grebe and Virginia Rail. Loop.
-
- 34 **QP15 1848 Riparian temp West wetland stream evening.wav** 07:20
Evening stream in wetlands with frogs, crickets, birds including American Wigeon, Northern Shoveler, Sora, American Bittern, Western Meadowlark, Common Nighthawk. Close duck takes off in flight at 4:55. Occasional mosquito.
-
- 35 **QP15 1849 Riparian temp West wetland prairie evening peace.** 02:25
Frog clicking, toad trills and prairie birds in evening chorus. Birds are cooing sounds of Greater Prairie-Chicken.
-
- 36 **QP15 1850 Riparian temp West stream morning bullfrogs** 03:38
Early morning flowing water with bullfrogs, crickets, birds. Birds include prominent American Robin with occasional Mourning Dove in background. Bullfrogs close and expressive. Loop.

-
- 37 **QP15 1851 Riparian temp West trickle morning bullfrogs crickets** 06:40
Gently flowing distant water with cricket, bullfrogs, birds. Birds include American Robin, Western Screech-Owl and Mourning Dove.
-
- 38 **QP15 1852 Riparian temp West trickle morning crickets birds** 01:11
Small gentle stream with crickets and birds including prominent Mourning Dove with Acorn Woodpecker background. Occasional bullfrog chirp. Loop.
-
- 39 **QP15 1853 Riparian temp West trickle morning crickets birds** 03:38
Stream trickles with distant crickets, bullfrog, birds including Bewick's Wren, Mourning Dove, Bullock's Oriole, Brown-headed Cowbird with Western Meadowlark and Acorn Woodpecker background. Loop.
-
- 40 **QP15 1854 Riparian temp West trickle morning crickets birds** 04:58
Gentle stream trickles with distant crickets, close Bullfrog, and background of birds including Mourning Dove, Bewick's Wren, Bullock's Oriole, Ash-throated Flycatcher, Acorn Woodpecker, Bushtit, Brown-headed Cowbird and House Wren. Loop.
-
- 41 **QP15 1855 Riparian temp West trickle morning crickets birds.** 01:55
Gentle stream with crickets, frogs, bullfrogs, and birds with light breeze pass. Bullfrog makes some unusual sounds similar to cat screech. Birds include Mourning Dove, Bushtit, House Wren, Cliff Swallow, Yellow Warbler and Ash-throated Flycatcher.
-
- 42 **QP15 1856 Riparian temp West trickle dawn chorus active.wav** 06:21
Gentle trickle with active dawn chorus of songbirds. Birds include prominent Yellow Warbler with American Robin, Brewer's Blackbird, Warbling Vireo, Song Sparrow, woodpecker drumming, Steller's Jay, and Red-naped Sapsucker. Loop.
-
- 43 **QP15 1857 Riparian temp West river day birds branch falling.wav** 03:47
Babbling stream in coniferous forest with active jays and branches falling onto water from woodpecker activity. Birds include prominent Steller's Jay with Red-breasted Nuthatch and woodpecker tapping. Loop.

-
- 44 **QP15 1858 Riparian temp West river morning birds active.wav** 04:38
Moderate sized stream in oak forest with active morning birds. Birds include Western Scrub-Jay, Mourning Dove, Ash-throated Flycatcher, House Wren, Mountain Quail, American Kestrel with Acorn Woodpecker in background. Loop.
-
- 45 **QP15 1859 Riparian temp West river morning birds active insect** 13:22
Stream in oak forest with distinct insect hum and active morning birds. Birds include Western Scrub-Jay, House Wren, Common Raven, Mourning Dove, Ash-throated Flycatcher, Bewick's Wren, American Coot, American Kestrel, Acorn Woodpecker. Loop.
-
- 46 **QP15 1860 Riparian temp West river morning birds active insect** 02:24
Distant gurgling stream in oak forest with distinct insect hum and active morning birds with songs and bush activity. Birds include House Wren, Spotted Towhee, Black-throated Gray Warbler and Ash-throated Flycatcher. Loop.
-
- 47 **QP15 1861 Riparian temp West stream rolling insect hum V1.wav** 01:09
Stream clear and rolling with winged insect hum. Faint bird, Red-breasted Nuthatch. Loop.
-
- 48 **QP15 1862 Riparian temp West stream rolling insect hum V2.wav** 01:44
Stream clear and rolling with winged insect hum. Faint birds, Red-breasted Nuthatch and Brown Creeper. Loop.
-
- 49 **QP15 1863 Riparian temp West forest stream gurgling birds.wav** 03:40
Stream gurgling in background with birds including Yellow Warbler, Red-naped Sapsucker calls and drumming, House Wren and American Crow. Loop.
-
- 50 **QP15 1864 Riparian temp West forest wind birds.wav** 01:31
Brisk wind blows through leafy vegetation with faint crickets and birds including Mourning Dove, American Kestrel and Ash-throated Flycatcher.
-
- 51 **QP15 1865 Riparian temp West forest bird Veery Thrush breeze.** 06:33
Variable light wind in aspen grove with birds. Faint stream. Birds include featured Veery Thrush, also known as Hermit Thrush, hummingbird wing hum and Black-headed Grosbeak, American Robin, Hairy Woodpecker, Red-breasted Nuthatch in background. Musical. Loop.

-
- 52 **QP15 1866 Riparian temp West forest stream quiet birds.wav** 03:54
Gurgling stream with distant birds and spacious rain drops. Birds include Chestnut-backed Chickadee, Hairy Woodpecker, Hutton's Vireo with Steller's Jay, Pacific Wren in far background. Loop.
-
- 53 **QP15 1867 Riparian temp West forest trickle bird drips.wav** 03:33
Stream trickles from tree roots into cavity with bird in background. Spacious water drops. Birds are Brown Creeper, Pacific-slope Flycatcher. Some woodpecker drumming. Loop.
-
- 54 **QP15 1868 Riparian temp West forest stream babbling birds** 04:07
River flows with birds including Song Sparrow with Sooty Grouse, American Robin, Varied Thrush, American Crow, and Pacific Wren in background. Drone of winged insects. Loop.
-
- 55 **QP15 1869 Riparian temp West forest stream rippling birds** 04:08
River flow with active birds including prominent American Robin with background of Varied Thrush and Song Sparrow. Occasional Pacific Chorus frogs. Loop.
-
- 56 **QP15 1870 Riparian temp West forest trickle birds frog.wav** 01:21
Small stream trickles and splashes into pool with prominent birds and frogs. Birds include featured Pacific Wren with American Robin, Band-tailed Pigeon, Golden-crowned Kinglet and Hutton's Vireo. Pacific Chorus Frog has forest echo. Loop.
-
- 57 **QP15 1871 Riparian temp West forest trickle rain birds squirrel.** 09:08
Rain drops and drips fall onto puddle with trickles in coniferous forest while birds in background are Pacific Wren, Golden-crowned Kinglet, Chestnut-backed Chickadee. Douglas's Squirrel feature begins 2:44. Drone in background is Pacific Ocean located eight miles distant. Loop.
-
- 58 **QP15 1872 Riparian temp West forest trickles birds drips.wav** 00:00
Coniferous forest has small stream composed of rapid trickles with occasional drips falling onto pool. Birds in background are Pacific Wren and Brown Creeper. In very far background is roar of Pacific Ocean. Loop.
-
- 59 **QP15 1873 Riparian temp West forest trickles rain.wav** 07:00
Rain falls onto trickling stream and plant leaves in coniferous forest. Very faint birds. Loop.

-
- 60 **QP15 1874 Riparian temp West forest trickles birds.wav** 03:21
Splashy trickles near coniferous forest and wetland area with Pacific Chorus Frog and birds including Pacific Wren, American Robin, Band-tailed Pigeon, Golden-crowned Kinglet, Hutton's Vireo, Dynamic space. Loop.
-
- 61 **QP15 1875 Riparian temp West canyon river roar bird American** 16:45
American Dipper sings classic song in river canyon. Pacific Wren, Varied Thrush, Belted Kingfisher and Hermit Thrush present at times in background. Extended. Loop.
-
- 62 **QP15 1876 Riparian temp West bird American Dipper solo.wav** 00:33
Solo of American Dipper with background river rush. Loop.
-
- 63 **QP15 1877 Riparian temp West evening trickles insects bird** 02:03
Delicate space is occupied by chorus of Snowy Crickets with trickling stream and call of Northern Flicker. Passing breeze. Sensational space. Loop.
-
- 64 **QP15 1878 Riparian temp West evening trickles insects bird** 02:21
Delicate space is occupied by chorus of Snowy Crickets with trickling stream and call of Northern Flicker. Passing breeze. Some woodpecker tapping. Sensational space. Loop.
-
- 65 **QP15 1879 Riparian temp West evening trickles insects breeze.** 01:53
Delicate space is occupied by chorus of Snowy Crickets with trickling stream, wind variable and continuous. Loop.
-
- 66 **QP15 1880 Riparian temp West night insects Snowy Crickets** 01:28
Snowy Cricket chorus with very light breeze. Smooth and relaxing. Loop.
-
- 67 **QP15 1881 Riparian temp West night trickles Snowy Crickets V1.** 03:21
Snowy Cricket chorus with gurgling stream. Slower rhythm than previous files indicates cooling temperatures and later at night. Loop.
-
- 68 **QP15 1882 Riparian temp West night trickles Snowy Crickets V2.** 03:45
Snowy Cricket chorus, variable, with gurgling stream. Roar in background is distant wind. Loop.

-
- 69 **QP15 1883 Riparian temp West night trickles Snowy Crickets V3.** 04:50
Snowy Cricket chorus, variable, with gurgling stream. Also field crickets. Western Screech-Owl in background. Loop.
-
- 70 **QP15 1884 Riparian temp West night Snowy Crickets close V1.** 02:22
Snowy Cricket chorus clear, varies with fluctuating temperatures. Gurgling stream is faint in distant background. Break in trill is natural. Loop.
-
- 71 **QP15 1885 Riparian temp West night Snowy Crickets close V2.** 05:23
Snowy Cricket chorus clear, trill tone varies with fluctuating temperatures, sometimes stopping briefly. Gurgling stream in far background. Starts higher pitched with warmer temperatures and falls over time.
-
- 72 **QP15 1886 Riparian temp West waterfall night cricket chorus** 01:11
Study cricket chorus trills with distant faint river roar in mountain valley. Distant Snowy Crickets. Loop.
-
- 73 **QP15 1887 Riparian temp West waterfall night cricket chorus** 01:51
Study cricket chorus trills with distant river roar in mountain valley. Distant Snowy Crickets. Soft deep low frequency beats from waterfalls at other end of valley. Loop.
-
- 74 **QP15 1888 Riparian temp West waterfall booming night cricket** 00:39
Waterfall booming in background to dominate chorus of cricket trills. Loop.
-
- 75 **QP15 1889 Riparian temp West waterfall booming night Snowy** 01:11
Waterfall booming in background with Snowy Cricket chorus foreground. Loop.
-
- 76 **QP15 1890 Riparian temp West wetland night frogs light breeze.** 02:14
Distant rush of river with frogs and delicate water flow during moments of quiet. Loop.
-
- 77 **QP15 1891 Riparian temp West forest morning birds frogs** 02:12
Brisk breeze ebbs and flows across deciduous forest with gurgling stream. Frogs prominent with birds in background. Birds include Western Scrub-Jay, Spotted Towhee, Common Poorwill, Wrentit. Loop.

-
- 78 **QP15 1892 Riparian temp West stream bubbly hummingbird.wav** 01:30
Bright bubbly stream with hummingbird wings in background. Loop.
-
- 79 **QP15 1893 Riparian temp West canyon river bird.wav** 01:14
Rushing surging river enclosed by forest with meadowlark singing in background. Loop.
-
- 80 **QP15 1894 Riparian trop BZ forest stream gentle birds distant** 05:30
Gently flowing stream with quiet forest bird activity echoing in distance. Some drips and debris. Peaceful. Loop.
-
- 81 **QP15 1895 Riparian trop BZ forest stream gentle birds distant** 00:00
Gurgling stream soft with forest bird activity distant but closer than previous version. Faint insects developing over time with intermittent trills. Light consistent shower of debris from forest canopy. Spacious quiet prevails.
-
- 82 **QP15 1896 Riparian trop BZ forest stream flowing bird insects.** 08:49
Insect trill and gurgling stream with intermittent repetitious bird calls. Occasional drips and falling small debris. Detailed space. Loop.
-
- 83 **QP15 1897 Riparian trop BZ forest stream flowing insect birds.** 12:02
Cricket with gurgling stream and bird activity building over time including Orope ndola and other unusual birds. Spacious drips and falling small debris. Frog at times. Loop.
-
- 84 **QP15 1898 Riparian trop BZ forest stream gurgling insects birds** 14:04
Gurgling stream with insects, birds, and echo of distant howler monkey continuous throughout more distinct at 9:45. Low drone is produced by hummingbird wings, hummingbirds are closer at times. Loop.
-
- 85 **QP15 1899 Riparian trop BZ forest stream gurgling insects birds** 08:53
Gurgling stream with insects, birds, and echo of distant howler monkey. Low drone is produced by hummingbird wings. Rapid bird wing flutters at times. Occasional water drips. Loop.

-
- 86 **QP15 1900 Riparian trop BZ forest stream gurgling insects birds** 24:09
Gurgling stream with insects, birds, and echo of distant howler monkey louder and more distinct than previous versions. Mysterious wings at 5:29. Birds loud at times. Insect trills and rhythms change over time. Extended.
-
- 87 **QP15 1901 Riparian trop BZ forest stream gurgling insects birds** 07:06
Gurgling stream with insects, birds, and echo of distant howler monkey. Birds more prevalent than earlier versions. Loop.
-
- 88 **QP15 1902 Riparian trop BZ forest stream rolling birds V1.wav** 03:16
Sparkling stream dominates background birds and insects. Loop.
-
- 89 **QP15 1903 Riparian trop BZ forest stream rolling birds V2.wav** 02:27
Sparkling stream dominates background birds and insects. Loop.
-
- 90 **QP15 1904 Riparian trop BR forest trickles insects birds V1.wav** 03:41
Stream trickling and rolling with loud shrill insects. Birds active in background. Loop.
-
- 91 **QP15 1905 Riparian trop BR forest trickles insects birds V2.wav** 05:18
Stream trickling and rolling with loud shrill insects. Birds active in background, especially towards end. Winged insects sometimes close. Loop.
-
- 92 **QP15 1906 Riparian trop BR forest trickles insects birds V3.wav** 00:54
Stream rolling with loud insects and hummingbird wings. Birds light in background. Loop.
-
- 93 **QP15 1907 Riparian trop BR forest stream gurgling insects birds** 12:22
Gurgling stream with loud insects. Birds buried in background. Loop.
-
- 94 **QP15 1908 Riparian trop BR forest trickles birds insects V1.wav** 07:52
Stream trickling with featured birds, Screaming Phia, in foreground. Insects active. Winged insects sometimes close. Loop.
-
- 95 **QP15 1909 Riparian trop BR forest trickles birds insects V2.wav** 09:24
Stream trickling with featured bird, Screaming Phia. Insects active. Loop.

-
- 96 **QP15 1910 Riparian trop BR forest trickles birds insects V3.wav** 15:52
Stream trickling with featured bird, Screaming Phia. Insects active. Isolated drips and suspicious creeping animals at times. Extended. Loop.
-
- 97 **QP15 1911 Riparian trop BR forest trickles birds insects V4.wav** 13:04
Stream trickling with featured bird, Screaming Phia. Insects active.
-
- 98 **QP15 1912 Riparian trop BR forest trickles birds insects V5.wav** 17:53
Stream trickling with featured bird, Screaming Phia. Insects very active and more intense than previous versions. Insects change over time.
-
- 99 **QP15 1913 Riparian trop BR forest trickles birds insects V6.wav** 15:07
Stream trickling with featured bird, Screaming Phia, not as active as previous versions. Insects intense, active and changing over time.
-
- 100 **QP15 1914 Riparian trop BR forest trickles birds insects V7.wav** 15:00
Stream trickling with featured bird, Screaming Phia, continuation of V6.
-
- 101 **QP15 1915 Riparian trop BR forest trickles evening insects frogs** 10:40
Delicate gurgling stream in tropical forest with evening insects high pitched and bird activity different than day. Several species of frogs building. Peaceful. Insects closer 8:14. Loop.
-
- 102 **QP15 1916 Riparian trop BR forest trickles evening insects frogs** 05:40
Delicate gurgling stream in tropical forest with evening insects high pitched and bird activity different than day. Frogs present. Mosquito 0:45 and fly 1:18. Continuation of V1.
-
- 103 **QP15 1917 Riparian trop BR forest trickles evening insects frogs** 05:35
Delicate trickling stream in tropical forest with evening insects, birds and frogs building with fading light. Frog sometimes loud. Continuation of V2. Loop.
-
- 104 **QP15 1918 Riparian trop EC forest river daybreak V1.wav** 06:36
River currents quiet but surging at times with varying insects and early morning jungle sounds.

-
- 105 **QP15 1919 Riparian trop EC forest river daybreak V2.wav** 04:43
River currents gently echo with insects and early morning jungle sounds. Occasional debris falls into water. Continuation of V1. Loop.
-
- 106 **QP15 1920 Riparian trop EC forest river daybreak V3.wav** 09:01
River currents gently echo with insects and early morning jungle sounds. Occasional debris falls into water. Repetitive sound at 2:58 signals jungle awakening. Dramatic 4:52. Continuation of V2. Loop.
-
- 107 **QP15 1921 Riparian trop EC forest river daybreak V4.wav** 09:00
River currents with insects prominent and morning jungle sounds. Dramatic and diverse 1:27 and beyond.
-
- 108 **QP15 1922 Riparian trop EC forest river daybreak V5.wav** 02:59
River currents with insects prominent and morning jungle sounds. Loop.
-
- 109 **QP15 1923 Riparian trop EC forest river daybreak V6.wav** 29:14
River currents with insects prominent and morning jungle sounds including distant howler monkey. Birds more prominent than earlier versions, becoming more active over time, especially 20:00. Occasional strong river currents. Monkeys 27:36 in branches. Low frequency throbbing is natural. Extended.
-
- 110 **QP15 1924 Riparian trop EC forest river daybreak float trip.wav** 38:44
River currents flowing with insects prominent and morning jungle sounds that transcend into day. Birds becoming more active with time. Booming splashes are caiman. Howler monkeys nearly continuous in distant background, louder at 21:00. Wild, musical and spacious. Recorded while floating in canoe. Extended.
-
- 111 **QP15 1925 Riparian trop EC forest river nightfall float trip.wav** 49:29
River currents flowing with insects prominent and daytime jungle sounds that transcend into night while floating in canoe. Splashes are from caiman. Birds becoming less active with time. Insects become very active and changing dramatically over time. Monkey at 10:30. Mystical at nightfall 33:00. Large bird takes flight 38:23, 39:37. Extended.
-
- 112 **QP15 1926 Riparian trop LK forest river morning quiet.wav** 00:47
Gentle quiet river currents with background of insects and occasional distant frog. Loop.

113	QP15 1927 Riparian trop LK forest river morning birds.wav River currents with background of morning insects and bird chatter. Loop.	00:47
